WORK EXPERIENCE

Thales — Customer Success Manager — Cybersecurity & Secure Communications

Aug 2025 – Sep 2026

Citadel/Cryptobox — encrypted messaging platform and cloud security

- Managed ~40 accounts, from CAC 40 groups to smaller organisations: usage/account-health segmentation, NPS/CSAT, adoption, renewals (93% retention; €500K ARR) and upsell up to €100K.
- Delivered monthly SLA reports and quarterly QBRs to C-level/CISO stakeholders, covering milestones, risks and corrective actions.
- Coordinated 5–10 security incidents with Sales, Product, Support and R&D: root-cause analysis and service continuity within SLAs.
- Led Customer Success Plans: objectives, governance, client setup/onboarding, 1:1 and 1:many adoption, training, webinars, email campaigns and GTM alignment.
- Built CS Analytics in Python/SQL across CRM and usage data, automating PPTX/Power BI reporting; adopted by 4 people, saving 2h/report and ~€20K on CRM.
- Owned client billing/collections, service pricing and margin management.
- Ongoing project: single documentation portal with product guides, coordinated with Product teams; brought customer needs into roadmap/user testing and supported releases, client setup and platform launches.

Inetum — Business Development Representative

Sep 2022 – Nov 2024

- Generated €500K+ in revenue (5+ meetings/week) and €200K+ in additional revenue through strategic RFPs.
- Interviewed consultants on assignments, skills and availability, then matched them to client opportunities.
- Built an AI tool for internal profile search and drove adoption through task allocation, user coaching and internal training documentation.
- Analysed client needs and proposed cybersecurity, cloud and infrastructure solutions.
- Led five consultants/developers: follow-up, assignments, training, mentoring, corrective feedback and conflict resolution.
